### Anti-Splash Hood

Reusable anti-splash hoods are available in a range of materials to provide the best possible protection against numerous potentially hazardous situations

- Designed for short duration work
- Highly chemically resistant visor
- Air vents at the front and rear of the hood
- Large front and rear capes providing protection to the chest area, secured by adjustable straps under the wearer's arms
- Hanging point bonded to the top of the hood to allow proper storage

### Important Notes

- Anti-Splash Hoods must not be worn in confined areas where there may be fumes or vapours, or the oxygen content in the air drops below 21%
- Strenuous work that increases the wearer's breathing rate should not be undertaken whilst wearing the hood

### Material Options

- Viton®/Butyl/Viton®
- Viton®/Butyl/Polyester
- Butyl
- Neoprene
- PVC
