

Subject: Change to PEFS Cylinder Assemblies

Product:

Part Number	Description
109508	Cylinder Assy PEFS C23
109510	Cylinder Assy PEFS C30
109511	Cylinder Assy PEFS C45
109512	Cylinder Assy PEFS C65
111045	Cylinder Assy PEFS C106
16113	Cylinder Assy PEFS C106 LOCO

The above cylinder assemblies are used in our PEFS and PEFS F3 product lines. The assemblies have incorporated PEFS Anti-overfill Tubes and Label. Currently, the PEFS F3 Anti-overfill Tubes and Label are being supplied separately and retro-fitted in the field.

The existing PEFS system has been superseded with the introduction of the new PEFS C6 system. As a result, the above cylinder assemblies have changed and will now include the PEFS C6/F3 Anti-overfill tubes and Labels.

Technical Bulletin

Part Number	Cyl Size	Old Cylinder Assy's		New Cylinder Assy's	
		Overfill Tube	Labels	Overfill Tube	Labels
